Important Notes

- This policy is guaranteed renewable until age 85, at which time it terminates, so your policy will not be cancelled due to the number of claims you file.
- The company may increase your premium, but only if we change everyone within the same class (for example, all policyholders with this product in the province).
- Any hospitalization or loss must begin, or be prescribed, within 90 days of the accident.

See exclusions and exceptions in actual policy for more details. This is only a brief description of the policy. Please refer to the language in the actual policy.

Accident policy and Sickness policy are two separate insurance policies.

* Admitted to a hospital or confined to a hospital for a minimum of 20 hours. ** The premium shown on this page does not include provincial sales tax, if applicable.
